AGRI PROFOCUS

Cultivating Collaboration for Collective Impact
“Few of the challenges humanity faces are as urgent and complex as food security. To meet the needs of a rapidly growing world population, an unparalleled, worldwide effort is required.

Members of the AgriProFocus Network are dedicated to meeting this challenge in collaboration.

By working together, learning from each other and unitedly pushing for change.”
AgriProFocus brings together farmers, agribusinesses, civil society, knowledge institutes and governments.

United in diversity, our members show that agribusiness and development are not mutually exclusive. Together, we find new, sustainable ways of creating impact with business.

Cultivating collaboration through linking, learning and leadership.

Our services
Networking Building Linking – Learning – Leadership
LINKING - *Build successful partnerships*

➔ AgriProFocus helps you find the right people to solve problems and do business with. Whether you are looking for change makers in the agri-food sector or partners to solve specific challenges with.

➔ Our network connects (un)usual suspects, facilitates innovative ways of working together and stimulates long term collaboration.
LEARNING - *Expand your expertise*

➔ AgriProFocus facilitates exciting learning environments aimed at innovating your business.

➔ Our members share best practices, experiences and failures in order to learn from and with each other.

➔ Reflection and sense-making around specific issues are key in our learning processes.
LEADERSHIP - Find your leverage

➔ AgriProFocus is the space for you to set and influence the agenda in collaboration with other relevant stakeholders.
➔ Our network aims to change both the ways of working and the rules of the game in the agri-food sector.
➔ By collectively improving the business environment for agripreneurs, we make sure impact is made at scale.
